

# Roger Cordeiro Raccanelli

Frontend Developer | React ·  
Next.js · TypeScript

(19) 98207-0009

roger.raccanelli@gmail.com

Rua Nova Aliança, 55 - Chácara da Barra - Campinas

## Projects

### Agenda Pro Web Application (Portfolio Project)

- Web application developed with React, Next.js (App Router), and TypeScript
- User authentication implemented with Firebase Auth
- Full CRUD for clients, services, and appointments
- Data persistence using Firestore
- Dashboard with basic performance indicators
- Responsive layout built with Tailwind CSS
- Deployed on Vercel

#### *Online Project:*

<https://agenda-pro-omega.vercel.app/>

#### *Source Code*

<https://github.com/rogerraccanelli/agenda-pro>

## Additional Information

Frontend Developer in training, focused on React, Next.js (App Router), and TypeScript. Hands-on experience building complete web applications, including authentication, CRUD operations, API consumption, asynchronous state management, and deployment on Vercel. Previous background in leadership and management contributes to strong organization, clear communication, and responsibility for deliverables

### AgendaBook – SaaS in Production (Own Project)

- Application developed with React, Next.js (App Router), and TypeScript
- Frontend architecture based on componentization and feature-based separation
- User authentication and plan-based access control
- Subscription system integrated with Stripe
- Free, Pro, and Premium plans with distinct usage rules
- Subscription upgrade, downgrade, and cancellation flows
- Webhook integration for payment status synchronization
- Full CRUD for clients, services, and appointments
- Data persistence using Firestore
- Operational and financial dashboard
- Responsive layout built with Tailwind CSS
- Continuous deployment in production

## Supplementary Courses

- Web Development (ongoing studies in React, Next.js, TypeScript, and Firebase)
- WordPress – Development and Maintenance
- English
- Computer Skills
- Sales Training – A Ponte

## Technical Summary

Frontend Developer focused on building production-ready web applications using React, Next.js, and TypeScript. Hands-on experience developing a SaaS platform with authentication, subscription billing, dashboards, and real-time data persistence using Firebase and Stripe. Strong background in system organization, clean architecture, and continuous delivery.

## Technologies

Front-end: React, Next.js (App Router), TypeScript, Tailwind CSS

Back-end (BaaS): Firebase (Auth and Firestore)

Concepts: CRUD, authentication, protected routes, data modeling (NoSQL)

Ongoing studies: Object-Oriented Programming, Java, and databases

Tools: Git, GitHub, VS Code, Chrome DevTools, Vercel

## Skills

- Organization and Time Management
- Clear Communication
- Decision Making
- Problem Solving
- Teamwork
- Leadership and Operational Management

## Professional Experience

### Studio RGS

Jul 2024 - Jan 2026

#### Hair Stylist

- Specialized customer service in hair services and organization of daily studio operations.

### Luzio Veículos

Jul 2023 - Jun 2024

#### Salesman

- Customer service, vehicle evaluation, negotiation, and sales closing.
- Client portfolio management and post-sales follow-up.
